100%**

2023 EXPENSES

- PROGRAMS
- DEVELOPMENT
- ADMINISTRATIVE

(This financial report is reflective of the time spent by our team managing and operating our four programs.)

Financial Report conducted by Tillet, Alvarado & Prendergast CPA

OUR Impact

50 Students receiving a full education through **Give Back School**

25+ homeless outreach events every month in **7 global cities**

85,000+ Meals Served as of January 2024

5 Teachers Provided through Give Back School

GIVE BACK SCHOOL

Mission

To provide daily education and mentorship to children in need.

The Give Back Community is fully sponsoring a **school of over 50 students in Brazil**. This year, we were able to **provide full time educators as well as provide learning materials such as text books and Bibles to our students**. Providing these young children with enrichment opportunities to ***change their lives is the driving force of Give Back School***.

GAME DAY

Mission

To offer an opportunity for volunteers to Spread Generosity and witness the power of transforming lives.

This year, our **Game Day program** has provided dignity, fellowship and warm meals to thousands of **impoverished individuals all over the globe.**

GIVE BACK JOBS

Mission

To connect those willing and ready to work with local businesses providing employment opportunities and steady income.

Since being founded in 2020, **The Give Back Community** has provided 23 **employment opportunities** through **Give Back Jobs**. We have partnered with many local businesses that offer **employment interviews to candidates whom we recommend**. After they receive jobs and income, we remain in consistent communication with the individual and the employer to hear about their progress. **Give Back jobs is one of the most important aspects of ensuring growth and independence for our friends on the streets.**

GIVE BACK KIDS

Mission

To provide recreational activities, mentorship, for disabled children, and kids from challenging backgrounds.

Through our partnership with *VIP Kids* and *Urban Youth Impact*, we are able to expand our Generosity to reach children with disabilities and children from troubling backgrounds.

We aim to engage children to tennis, dancing, and soccer to help raise their spirits, skills, and confidence. We simply aim to bring joy and opportunity to these young children.

OUR STORY

While studying at university in the Spring of 2020, **Umberto Rosi and peers** decided to **hand out food in the streets of Downtown West Palm Beach one Friday evening.**

It was on this night that Umberto recognized the **powerful impact of such simple gesture.**

His outlook on life has been **changed ever since.**

Umberto had a vision of starting a movement.

A Movement that would not only change the lives of those that were seeking for help, but also **of those that would serve as volunteers with one common mission dedicated to bringing compassion, hope and encouragement to those in need.**

A Movement that teaches **our volunteers how to Give Back to our communities through simple and consistent acts of Generosity.**

The Give Back Community is an initiative designed to Spread the Power of Generosity. Since 2020, The Give Back Community has collaborated with numerous churches, small businesses, large corporations and community members to join one another in service. Our partnerships have allowed us to provide **food, health, and employment to those in need, as well as mentorship and education to young children near and far.**

Our goal is **to spread our mission to every major city worldwide, creating a world in which Generosity is encouraged and valued.**

This is just the beginning.

Live GENEROUSLY

The Give Back Community Team

OUR PARTNERS

Thank you to each one of our valued partners for joining our community in spreading the Power of Generosity.
